

ThermaSAVE Homes

This is a random sampling of ThermaSAVE Homes built over the years.

B Lee Home 12/02

3 Story Home with Cement Board Panels Birmingham, AL #2

7/04 Gueco Residence Wasilla AK Built in 1984

Once completed, a ThermaSAVE Home looks like any other home built using conventional methods. The difference becomes apparent by living in them, experiencing increased soundproofing and, most important of all, increased energy efficiency!
